ABOUT US

Back in year 2020, KSL Logistics was a small unit of Kemcious Integrated Farms Limited where she was responsible for sending farm produce, dried seafood, dressed chicken, fresh eggs and tomatoes to members of an online group who routinely pre-paid for select items and needed prompt delivery within and outside Uyo, Akwa Ibom State.

By early 2023, the demand had diversified from solely farm produce to include movement of personal effects and private documents to different locations within Nigeria and beyond.

By mid 2023, to match the growing capacity with relevant expertise, our top executives enrolled in a management program at the Nigerian College of Aviation Technology, Zaria which saw them shuttle between Uyo and Lagos Airports twice weekly. At this point, the Lagos Operations was born and continued to operate through third party services which helped the unit to build on existing experience. We also engage in Travel & Tours, Ticketing and Hotel Reservation.

By early 2024, KSL Logistics was incorporated as a Private company limited by shares and has since continued to meet the requirements of her customers.

At KSL Logistics, customer satisfaction is accomplished by learning customer's exact objectives with regards to their internal and external requirements.
